Just wanted to give a big THANK YOU for all you and your wife's hard work on the flowers. They were absolutely beautiful. I am still enjoying the ones I got to take home. I have to admit I was a little worried when Ashley and Daniel wanted blue and green flowers (they aren't exactly normal colors you find in a flower). The centerpieces, bouquets and church flowers were stunning. Everyone is still commenting on how beautiful they looked. We even had a few guests arguing over who got to take home the centerpieces. Thank you so much for all your hard work in adding that special touch to their wedding day.

Jerry and Nancy Fowler
